

LIT LAB PRODUCTIONS PRESENTS

DRAGONS LOVE FOOD

Saturday, December 15th, 2018

Lit Lab Productions are themed programs where we build literacy skills through reading, talking, writing, singing and playing.

Literacy skills are essential to a child's development and understanding of all aspects of the world, including reading comprehension and lifelong learning.

We want to provide an environment where families work together to develop these skills while having FUN!

For more great literacy resources, check out these websites:

TAKE-HOME IDEAS

TALK

In the grocery store name the food as you add it to the cart. Or name the ingredients as they are used to make a meal. For a challenge say the color of the food with its name. Example: red apple.

SING

Sing a song about food or make up your own. Some examples include; "Apples And Bananas", "Chicken Soup With Rice", or "Today is Monday".

PLAY

Make your favorite food with pretend or real ingredients. Say the steps out loud as you make it.

WRITE

Write a list of all the food you eat in a day. What was your favorite? What didn't you like? For a challenge write the list for the whole week.

READ

Read recipe books to find something new to make for a meal or snack. For ideas check out our collection of children's recipe books in the non-fiction section under J641.
