“Just Plain Great!”

It has been said that public library use increases during economic downturns. That was certainly true at the Canton Public Library in 2008!

We set a one-day checkout record this year. You checked out more than 12,000 items over the course of a single day — an average of 1,014 items each hour. In 2008, you checked out 1.8 million items, 11% more than in 2007. Increased demand for library services led to more than 8,800 new library cards issued, 200 storytime sessions added, 3,000 museum passes distributed, the removal of checkout limits on most items, expansion of our Lucky Day collection, more book club kits and videogames for all age groups, and more events for adults, families, and tweens.

Everyone in Canton is struggling to do more with less, and your library is no exception. Through the hard work of staff, increased partnerships, and old-fashioned belt tightening, we are positioned to continue to serve you with excellence despite these tough economic times. The Library Board of Trustees voted in fall 2008 to reduce the taxes you pay for library services, and will continue to lead the way in demonstrating careful stewardship of public tax dollars. We remain committed to the library's long-term sustainability through our Endowment Fund, which in 2008 surpassed the \$200,000 mark thanks to \$25,000 — largely book sale proceeds — contributed by the Friends of the Library.

We've worked to be good stewards of our environment, setting an example by eliminating plastic bags and moving to library-branded canvas bags; expanding our “green resources” sections to provide you with energy and money-saving information; providing Kill-a-Watt devices that you may checkout to monitor your home energy use; and continuing our Abitibi paper recycling program.

We partnered with Canton Township Leisure Services on 100 Days to Health, Fun in the Sun, senior book discussion groups at the Summit, and our Martin Luther King Jr. Celebration at the Village Theater. We partnered with the Plymouth-Canton Community Schools and local private schools to bring more than 1,200 first graders to the library. We partnered with the University of Michigan Exhibit Museum of Natural History to provide Family Science Adventure Programs, and with the Canton Chamber of Commerce to offer a Business Users Workshop to educate local businesses about our services, such as Book a Librarian, databases, and chat reference.

What you'll see in this annual report is proof that it takes a great community to make a great library. On behalf of everyone here, I thank you for your support and your generous donations, whether they are monetary donations to our Endowment Fund or donations of your time by volunteering with the Library, the Friends of the Library, or the Secondhand Prose used bookstore. All of these contributions together make us one of the best libraries in the nation, and one of the best values in the community.

Friends

The Friends of the Canton Public Library is a nonprofit volunteer group made up of members of the community who support the library's goals and services. They advocate for the library and raise community awareness. Through their efforts, the Friends bridge the gap between a good library and recognition as a great library.

The Friends help the library by sponsoring the Adult Contemporary Book discussion group, Summer Reading program, homebound book delivery, youth and adult programs and more. They purchase needed equipment and materials and donate generously to the library's endowment fund.
