Canton Public Library Board of Trustees General Meeting Minutes

June 17, 2021 - 7:30 PM

The Chairperson, Nancy Eggenberger, called the meeting to order at 7:30 PM.

Present: N. Eggenberger, A. Iqbal, C. Spas, A. Watts (participating remotely from Canton, MI), M. Farell (participating remotely from Cheboygan, MI)

Absent: J. Lee

Also Present: E. Davis, K. Gladden

<u>CALL TO AUDIENCE</u> (K. Bounds, R. Carsten, D. Ewick, L. Golden, D. Huntzicker, J. Liang, D. McHugh, M. Nicholson, R. Noble, C. Swanberg) – None

APPROVAL OF AGENDA

A. Watts moved and M. Farell supported a motion to approve the agenda as amended.

ROLL CALL VOTE

Yes: N. Eggenberger, M. Farell, A. Iqbal, C. Spas, A. Watts

No: None Abstain: None

The motion passed 21/6-17-1 (5-0-0)

APPROVAL OF GENERAL MEETING MINUTES

The minutes were accepted by unanimous consent.

COMMUNICATIONS — None

DIRECTOR'S REPORT

The library is 42% of the way through fiscal 2021 as of May 31st. The second quarter budget amendment in July will pull the revenues into alignment.

Director Eva Davis introduced the new Department Head for Information Services, Dave Ewick.

The library's telephone system has been down since Wednesday. IT had been working on it since then and it was finally determined that the problem lies outside the building with an AT&T circuit. Clear Rate Communications, the library's telephone service provider, has escalated the work order to highest priority.

Davis was sorry to announce the July 1^{st} retirement of Circulation Assistant Carol Siemieniak, after 33 years and seven months of service. Community Relations Department Head Laurie Golden and Communications Specialist Kaitlyn Minshall are organizing an announcement so that the public may bid farewell to Carol, who has been a great favorite with patrons over the years.

On-Call Page Julia Bhuiyan has graduated from high school and will be leaving the library to attend college, effective August 1.

The trustees should have received their 62 Days of Summer packets through the mail. The first day of the program was well-attended; the rocking chairs on Canton's Front Porch are back, along with the *Library Lovers Live Here* lawn signs and the Prize Patrol.

<u>TRUSTEE COMMENTS</u> — Chair Nancy Eggenberger said that her Prize Patrol experience was fun and she urged trustees to consider participating.

COMMITTEE REPORTS — None

NEW BUSINESS

August 2021–July 2022 Healthcare Plan Options Overview — Kapnick Insurance representative Dave Huntzicker reviewed the recommended healthcare plan options. The Blue Care Network Healthy Blue Living HMO Platinum 500 (the library's current plan) has been re-certified with no changes, and an average cost increase of only 5.21%.

Huntzicker concluded that the BCN HMO plan was the best choice and recommended that the library not switch healthcare providers at this time, as the quality of the plan and the ability for employees to retain their choice of physicians could not be matched by other considered options, such as one from Priority Health.

Approve August 2021-July 22 Healthcare Contract — M. Farell moved and C. Spas supported a motion to renew the Blue Care Network Healthy Blue Living Platinum 500 healthcare plan contract for August 2021-July 2022.

ROLL CALL VOTE

Yes: N. Eggenberger, M. Farell, A. Igbal, C. Spas, A. Watts

No: None Abstain: None

The motion passed unanimously 21/6-17-2 (5-0-0)

Review and Approve PA 152 Employer/Employee Insurance Premiums Cost-Sharing —

Secretary/Treasurer Amy Watts stated that past boards had found it valuable for employees to have "some skin in the game" regarding healthcare premiums, and so had usually chosen the 80/20 split for cost-sharing. Chair Eggenberger said that consistency in expectations for staff in this area was also important. Business Service Department Head Marian Nicholson reminded the board that, with their concerns over keeping salaries and fringe benefits in line, the 80/20 split was more reasonable than the Hard Cap option.

A. Watts moved and A. Iqbal supported a motion to approve the 80/20 split for PA 152 Employer/Employee Insurance Premiums Cost-Sharing.

ROLL CALL VOTE

Yes: N. Eggenberger, M. Farell, A. Iqbal, C. Spas, A. Watts

No: None Abstain: None

The motion passed unanimously 21/6-17-3 (5-0-0)

Before leaving the Zoom call, D. Huntzicker introduced Rick Carsten, who will be replacing Clay Paul on the library account.

2022 Budget Discussion — Expenditures

Capital Expenditures — M. Nicholson highlighted a few projected capital expenditure projects for 2022: servicing of the storm sewer/catch basin (if necessary); improvements to the paver walkway and landscaping in the Rebecca Havenstein-Coughlin Memorial Courtyard (partial funding for which will hopefully come from donations); booths (in the aisle separating the Adult Non-Fiction stacks) and semicircular study pods (outside the Internet Lab); and a refreshing of the Community Room (replacement of the Whisper Wall covering; addition of under-carpet power/USB ports; new window shades; and new tables and chairs).

Davis reminded the board that none of the furniture up for replacement had been purchased during other building construction projects, and had in fact reached the end of their life expectancy.

Information Technology Department Head Rudie Noble briefly reviewed projected expenditures in the separate Technology Long Term Capital Outlay document: replacement of the projector and sound equipment in the Community Room; 42 personal computers in various subsets; some laptop computers; and a new sorter system.

Davis commended Building Supervisor Jim Laffey and the IT staff for their yeomanlike efforts which have kept the sorter conveyor and its software program running for the past twelve years. She said that Circulation Supervisors Barb Gudenburr and Denise Skopczynski had scrutinized a large number of sorter systems at the Public Library Association conference in February 2020, and had noted several options for the system to be purchased in 2022.

Reopening the Library Further: Considerations — Davis informed the board that the Michigan Department of Health and Human Services (MDHHS) was rescinding its pandemic orders effective at 12:01 AM on Tuesday, June 22, 2021. After that time, no broad orders relating to the pandemic will be in effect. However, the current orders from the Michigan Occupational Health and Safety Administration (MIOSHA) — which apply to employers and employees — have not been rescinded.

Davis advised the board that they would be able to make whatever policy they liked regarding mask-wearing for the public, even after June 22nd.

The board was in agreement that any attempt to retain a mask-wearing policy for the public after the rescission of the MDHHS order would be a thankless task, but that it would need to retain the policy for staff for the time being under the current MIOSHA rules.

Pandemic Reopening Policy Revision — A. Watts moved and M. Farell supported a motion to repeal in full the library's Pandemic Reopening Policy for the public as of June 22, 2021, and to affirm that all staff

members must continue to mask indoors (except while eating or drinking, or in an isolated space) until the current MIOSHA rules are revised or rescinded.

ROLL CALL VOTE

Yes: N. Eggenberger, M. Farell, A. Iqbal, C. Spas, A. Watts

No: None Abstain: None

The motion passed unanimously 21/6-17-4 (5-0-0)

Approve Library Closure for HVAC Replacement — Davis explained that safety concerns dictated that the building be uninhabited while a construction crane was used to remove and replace the new HVAC units. Thursday, July 29th was the scheduled date for the work, with July 30th as a possible rain-date.

C. Spas moved and A. Watts supported a motion to close the library on July 29, 2021 for replacement of the HVAC unit.

ROLL CALL VOTE

Yes: N. Eggenberger, M. Farell, A. Iqbal, C. Spas, A. Watts

No: None Abstain: None

The motion passed unanimously 21/6-17-5 (5-0-0)

CALL TO AUDIENCE – None

ADJOURN

The meeting was adjourned at 8:27 PM.

Amy Watts, Secretary-Treasurer

Director's Report

July 2021

- 1. The library is pretty much back to pre-pandemic operations. We are awaiting the results of air quality testing in the smaller group and single-user study rooms to see if there is adequate ventilation before we make them available to patrons; we are still in the process of rolling out all of the public computers; and we have not yet resumed room rentals.
- 2. On your agenda this month is your further discussion of mask requirements for employees and volunteers who work in the library. Masks are not required for the public per the rescission of the MDHHS Gatherings and Face Masks order as of June 22. MIOSHA covers workers, and the agency still regards COVID as a "known workplace hazard," and per the state's Occupational Safety and Health Act, an employer is required to mitigate known hazards to the health and safety of our workers. Given the liability if a volunteer or employee were to contract COVID through their library work (general liability, worker's compensation claims, and/or fines if MIOSHA determines that we did not appropriately protect our coworkers and volunteers from infection), we recommend that the board continue to require masks of all employees and volunteers, and also that the board continue to revisit the discussion monthly.
- 3. Communications Specialist Kaitlyn Minshall will make a presentation to you this month outlining her analysis of our social media marketing efforts. I thank Kaitlyn for taking the time to share with the board.
- 4. Last month, I requested that the board approve the closure of the library on July 29 so that the crane could be on-site to remove four rooftop units and place four new rooftop units. We received news a few weeks ago that while the units themselves are in-stock and ready to go, the parts required to connect the new units to the library's HVAC system are on back order, victim of the supply chain woes being seen worldwide. As such, I am asking the board to rescind the July 29 closure, and I'll keep you updated on when we expect the work to take place and bring you a new closure date for approval.
- 5. It's July, which means it's time for the 2nd Quarter Budget Amendment. We are recognizing revenues received in excess of budgeted amounts, adjusting some revenues that have not yet recovered from the pandemic, and adjusted expenditures accordingly, as well as moving some money between lines. My thanks to Accountant Debbie McHugh and the department heads for keeping close eyes on their budgets.
- 6. Lastly, you'll review the first draft of the 2022 budget and 2023-24 projections. Along with the usual budget narrative, we've included additional justifications and informational documents related to the conversion of a part-time position to full-time (from your February meeting), Salaries and Wages (from your April meeting), and the MERS pension contributions (updated since your February meeting).
 - a. Salaries and Wages:
 - i. In February, we presented a three-year plan to convert certain part-time positions to full-time status. At that meeting, you approved a full-time librarian for 2021, and expressed consensus that a full-time Building Monitor be considered for the 2022 budget, holding off

- on a full-time Adult Librarian until 2023. We are calling this out for you specifically so that you have the opportunity to consider the full-time Building Monitor.
- ii. The Salaries and Wages recommendation was brought to you in April. At that time, you tabled the discussion until July so that you could see the impact of the proposed increases on the overall finances when you reviewed the first draft 2022 budget. My thanks to Marian Nicholson for updating this proposal for your consideration.
- b. MERS contribution: In February, the board accepted our recommendation to set the 2022 MERS employer contribution at \$150,000. In June, we received our annual actuarial valuation as of the year ending December 31, 2020. As a result of changes MERS has made to their assumptions and lower-than-expected earnings, we are not as well-funded as we had hoped. Last year, we were 93% funded; this year, we are 90% funded, despite our overpayment. As a result, we have increased the annual contribution in the 2022 Budget—\$200,000 instead of \$150,000.

We would like to revisit pension funding. Our approach has been to eventually reach 120% funding by paying more than the Annual Required Contribution (ARC). In the valuation we just received, we are underfunded by just under \$525,000, meaning that we would need to contribute that much right now to be considered 100% funded. To get to 120% funding, we would need to contribute ~\$1.6 million right now—according to MERS, if we had ~\$6.5 million in the fund right now, the earnings would at that point satisfy most of our annual obligations, although there is the possibility that adjusted assumptions (lifespan, retirement age, and/or lower-than-expected earnings) would mean that we might have to add money to the fund in the future.

Marian Nicholson and I are proposing a revised overfunding plan, to take place over five years, to more aggressively approach the 120% threshold. To start the discussion, we'd like your feedback on the three methods we've devised to achieve that goal. My thanks to Marian, as always, for providing these supporting documents.

We do not require a vote at this time; we'd like you to discuss it and give us your feedback, and we can make refinements or provide additional documentation next month.

- 7. We have an upgrade to our library automation system, Innovative Interfaces, Inc.'s Sierra system, scheduled for July 15. The downtime should be minimal, fingers crossed, and we expect to be up and running before we open to the public that day.
- 8. In personnel news, since your June meeting we said "farewell" to Carol Siemieniak, Circulation Assistant, retiring after 33 years; and to HR Specialist Shipra Sharma, who secured a full-time position elsewhere.
- 9. We had a failure of the backflow system for our fire suppression sprinkler system, which necessitates a replacement of that assembly. As mentioned in item #4, supply chain woes are an issue and we are estimated to have the replacement in 12 weeks. We have applied a temporary fix in the short-term.

Respectfully submitted, Eva Davis Budget Amendment Summary - 2021 - 2nd Quarter

2022 Budget Highlights

July 2021

Revenues

2022 Revenues

Property tax revenues reflect the most recent information from Canton Township, including property taxes and Personal Property Tax exemptions. As directed by the library board, property tax collections are at the maximum millage rate of 1.4590 (eroded from 2.0 due to Headlee, with a 2021 millage reduction fraction of 0.9914), and assume a 99% collection rate, which is conservative based on historical property tax revenue data over the last five-plus years.

State Aid, Photocopy Fees and Penal Fines were increased to reflect return to post-pandemic collections. Replacement – Books/AV and Overdue Fines have been reduced to reflect the auto-renewal service implemented May 1, 2019 and the updated replacement fee schedule implemented during 2021. Interest revenue remains low to reflect lower interest rates caused by the 2020 COVID-19 Pandemic. Other revenues, (commissions and rentals) reflect historical averages.

2023-2024 Revenues

Property taxes for 2023 and 2024 assume a Headlee reduction fraction of 0.9914 per annum (resulting in millage rates of 1.4465 and 1.4341 respectively), a 99% collection rate and a modest 3% growth in taxable values per the Canton Township Assessor's projection.

Expenditures

Items of note:

- **702 Salaries:** Increase based on converting 1 part-time Building Monitor to full-time, market analysis to bring fully functioning employees to the fully functioning salary range as well as annually scheduled increases to Michigan's minimum wage rates and the ripple effect throughout the salary schedule.
- 715 Fringe Benefits: Overall increase from 2021 reflects an increase in FICA tax obligation (7.65% of salaries), an increase in health care costs (continuing with 80/20 cost sharing) and contributions to the Retirement DC Plan (401a) due to adding 2 additional full-time staff members and over-funding MERS at \$200,000 rather than the MERS *recommended minimum employer contribution.

*MERS reduced the following assumptions effective with the 2019 valuation: 1.) investment assumption from 7.75% to 7.35%; 2.) wage inflation from 3.75% to 3.00%. These changes affected our employer minimum required contribution beginning 2021. Demographic assumptions changes impact employer minimum required contribution beginning 2022. The Board accepted our previous recommendation of \$150,000 MERS contribution, but due to the above, it is reflected as \$200,000 in this draft.

- **722 Supplies:** Slight decrease for 2022; 2023/2024 include nominal price increases.
- **740 Library Materials:** The minimum standard for our Enhanced Certification from the Library of Michigan's Quality Services Audit Checklist (QSAC) is 12% of operating revenues. Per direction from the library board, we increased the budget to 15% of operating revenues, allocating a larger portion of the Library Materials budget to electronic formats.
- **801 Professional & Contractual:** Increase due to new subscription costs for Catalog-Discovery Layer and Patron Portal/Website installed during 2021, and slight increases for current subscriptions (Syndetics and TLC databases).
- **850 Communications:** Decreased for 2022 due to lower costs achieved through 2020 mid-year contract negotiations. 2023-2024 reflect nominal increases
- 860 Travel: Increase in 2022 and 2024 for biennial Public Library Association Conference year.
- **880 Community Promotion:** Slight decrease for 2022 with nominal increases for 2023-2024.
- **900 Printing:** Increase in 2022 for summer reading materials with nominal increases for 2023-2024.
- **910 Insurance:** Nominal increase due to annual plan increases. 2023 includes a higher increase to account for the tri-annual pollution insurance renewal.
- **920 Utilities:** Nominal increases.
- **930 Maintenance & Repairs:** Slight increase due to increased costs in cleaning/janitorial services and lawn & grounds maintenance.
- 940 Rentals/Leases: Decrease as remaining copy machine lease contract expired in 2021.
 Leased machines have been replaced with purchased machines.
- **976 Building Improvements**: Increase due to delay of Capital Outlay projects; smaller non-capital projects will be carried out under Building Improvement.
- 977 Capital Outlay: As the library building approaches 35 years of age, we continue to
 evaluate the need to replace outdated equipment, fixtures, and furnishings to keep the library
 relevant to our community. Capital Outlay traditionally includes a transfer from the Assigned
 Capital Replacement fund balance to cover all capital improvements. As in the past, additional
 operating revenues and unspent expenses will apply to Capital Outlay before requesting
 approval of a fund balance transfer.

- Capital Outlay for 2022-2024 are estimates based on our Capital Replacement Schedule, which plots the estimated useful life expectancies and estimated replacement costs of furnishings, fixtures, and equipment over a 20-year period and currently includes the replacement of furniture, upgrades to the Community Room and replacing the sorting system conveyor and relted equipment.
- **996 Property Tax Refunds:** Remains steady as the Michigan Tax Tribunal continues to clear backlogged cases.

Proposal to Convert a Part-Time Building Monitor Position to Full-Time

Proposal

To convert one of our three current Building Monitor positions from part-time to full-time status.

Background

There are currently three part-time Building Monitor positions in Business Services. Building Monitor is a key position; their singular focus on the safety and security of patrons, staff, the library property, and the library's contents ensures that we have consistency in behavior enforcement and the safest possible environment for all. We have been hampered by regular turnover in these positions, and recruitment has been difficult because of their part-time unbenefited status. Converting one of the three positions to full-time will provide consistency, stability, and longevity in this key position. The full-time Building Monitor will serve as the leader of the Building Monitor workgroup and assist the Building Supervisor with facilities issues.

Rationale

The historical rationale for our predominantly part-time staff was the long-term cost of legacy benefits for full-timers, particularly retirement costs for retiree health care and pension. The termination of the retiree health care plan in 2012 and the closure of the defined-benefit pension plan to new hires in 2017 (shifted all new full-time hires to a defined contribution retirement plan) eliminates these legacy cost concerns as they relate to new full-time positions.

Additionally, the library's opt-out from the Canton Township Downtown Development Authority Tax Capture in 2017 brought approximately \$160,000 annually back into the library's property tax revenues. The library now has the opportunity to benefit from the mindfully curtailed legacy cost by offering full-time status to select key positions, which positively affects recruitment, retention, consistency, and loyalty.

Budgetary Impact

At your February board meeting, we brought to you a three-year proposal to convert three part-time positions to full-time status. At that time, the Board authorized the hiring of a new full-time Youth Librarian in 2021 and expressed an interest in seeing how the Building Monitor conversion would impact the budget in 2022, with the Adult Librarian position identified for consideration in 2023.

The Building Monitor full-time position is included in today's 2022 budget proposal. It includes an increase of 14,000 to the salary and wages line and 11,000 to the fringes line.

Recommendation

Our recommendation is to approve the conversion of one building monitor position to full-time status beginning in FY2022.

Salaries and Wages Budget - Update from April 2021

History: Salaries remained frozen for three years during the recession. Beginning in 2013, the library instituted modest increases to incrementally align employee compensation with the annual Merces (now rebranded as Element One) base pay structure *and* evaluated personal performance. Although it took several years, in 2019 the library finally brought all pay grades into alignment.

The State of Michigan has implemented a plan to raise the minimum wage to \$12.05 per hour by 2030.

January 1:	Wage per Hour	Increase over prior year
2021*	\$9.87	2.27%
2022	\$10.10	2.23%
2023	\$10.33	2.27%
2024	\$10.56	2.22%
2025	\$10.80	2.27%
2026	\$11.04	2.22%
2027	\$11.29	2.26%
2028	\$11.54	2.21%
2029	\$11.79	2.17%
2030	\$12.05	2.21%

^{*}In January 2021, the minimum wage did not increase as planned because the unemployment rate for 2020 was above 8.5 percent. The minimum wage rate will not increase to \$9.87 per hour until the first calendar year following a year for which the unemployment rate was below 8.5 percent.

Research: The salary recommendations from Element One reflect the labor market, in the library industry as well as comparable employers in the region. The library must compete with other employers across the service industry – other public libraries as well as employers in the hospitality, restaurant, call center, and retail industries – for employees. We have already experienced the effects of trailing behind prevailing wages in our recruitment efforts: since 2020, the Building Monitor positions were posted every few months, two IT support positions were posted multiple times, and we have several frontline openings in Circulation. We have had candidates decline our offers of employment to take higher-paying positions with other customer service organizations, and the shrinking pool of applicants makes recruitment of employees who reflect the library's values and service philosophy a challenge.

As outlined at your April meeting, the Element One Pay Structure Review for FY2022 recommends a base pay structure increase of 3.6% (~\$106,400) over the FY2021 base pay structure. However, due to concern over the financial impact of the pandemic, the Board did not fully adopt the FY2021 base pay structure recommendation of a 3.0% (~\$88,600) increase over FY2020. Instead, the Salary and Wage budget only increased \$21,000. Because of this conservative measure, implementing the recommended 3.6% increase in FY2022 will cost ~\$174,000.

In addition, the Board's support of the proposal to promote one of our three building monitors to full time status, and the necessary changes to the organization chart due to vacancies, will cost approximately \$14,000 in salary and wages.

Recommendation: It is our recommendation that the board adopt the Element One Base Pay Structure Ranges for FY2022 and approve a 2022 Salary and Wages budget of \$3,163,000, an increase of \$188,000 over the 2021 Salary and Wage budget of \$2,975,000. This will reestablish alignment with the base pay structure, support a full-time Building Monitor and allow the library to remain conservatively competitive in the job market. This recommendation is reflected in the current draft budget.

2021 MERS Discussion

Fringes Budget 2021 - 2026

History: The Annual Valuation report presents the results of the Annual Actuarial Valuation, prepared by MERS for Canton Pub Lib (8232). The report includes the determination of liabilities and contribution rates resulting from the participation in the Municipal Employees' Retirement System of Michigan ("MERS").

Canton Public Library contributes in excess of the minimum requirements and elects to apply the excess contribution to unfunded accrued liability and lower the amortization payments throughout the remaining amortization period.

Our goal has been to reach a funded ratio of 120%, at which time, in theory, the earning self-fund the annual payments and relieve the library of most administrative costs.

MERS Annual Valuation 12/31/2020: The most recent report presents the results of the Annual Actuarial Valuation, prepared for Canton Pub Lib (8232) as of December 31, 2020.

12/31/2020 Valuation Results	Lower Future Annual Returns			Lower Future Annual Returns	Valuation Assumptions		
Investment Return Assumption	5.35%			6.35%	7.35%		
Accrued Liability	\$	6,672,412	\$	6,023,912	\$	5,474,148	
Valuation Assets ¹	\$	4,951,288	\$	4,951,288	\$	4,951,288	
Unfunded Accrued Liability	\$	1,721,124	\$	1,072,624	\$	522,860	
Funded Ratio		74%		82%		90%	
Monthly Normal Cost	\$	7,678	\$	5,640	\$	4,039	
Monthly Amortization Payment	\$	17,141	\$	11,262	\$	5,761	
Total Employer Contribution ²	\$	24,819	\$	16,902	\$	9,800	

Using the best-case scenario, in which MERS achieves a 7.35% return on investment, CPL is currently 90% funded, with \$522,860 in unfunded accrued liability.

Valuation Year Ending	Fiscal Year Beginning	Actuarial Accrued				Funded		nated Annual Employer	
12/31	1/1		Liability	Val	uation Assets ²	Percentage	Contribution		
7.35% ¹ - NO	PHASE-IN								
2020	2022	\$	5,474,148	\$	4,951,288	90%	\$	117,600	
2021	2023	\$	5,490,000	\$	5,000,000	91%	\$	114,000	
2022	2024	\$	5,540,000	\$	5,080,000	92%	\$	114,000	
2023	2025	\$	5,580,000	\$	5,250,000	94%	\$	102,000	
2024	2026	\$	5,630,000	\$	5,410,000	96%	\$	92,600	
2025	2027	\$	5,670,000	\$	5,500,000	97%	\$	91,300	

With no phase-in, our estimated annual employer contribution will rise to \$117,600 in FY2022. This severely affects our planned annual contribution. Our planned annual contribution of \$200,000 will only reduce unfunded liability by \$82,400 – a far cry from our current unfunded accrued liability of \$522,860.

Proposal: In your packet are three (3) projection scenarios. Each option provides historical data with different variants for addressing our unfunded accrual liability. Options 2-3 address the unfunded accrual liability of ~\$523,000 as well at the additional ~\$1,100,000 needed to push CPL to the 120% funded ratio. A combined total of ~\$1,618,000.

- Option 1: Increase annual payment from the operating budget to \$200,000 (a cost of \$1,200,000 over six years). This is the MERS projection per the 12/31/2020 valuation report. It defers payment of the unfunded liability and shows a slow climb to a 97% funded ratio in FY2027. The current budget proposal reflects the annual planned contribution of \$200,000.
- 2. **Option 2: Increase annual payments from the operating budget to \$450,000** (a cost of \$2,250,000 over five years). This 5-year plan will erode the current unfunded liability and put CPL on target to achieve a **120% funded ratio in FY2027**, assuming MERS realizes the valuation assumption of 7.35%.
- 3. Option 3: Immediately transfer \$525,000 from Fund Balance and increase annual payment from the operating budget to \$280,000 (cost of \$1,925,000 over six years). This FY2021 transfer plus 5-year plan covers the current unfunded accrual liability will put CPL on target to achieve a 120% funded ratio in FY2027, assuming MERS realizes the valuation assumption of 7.35%.

Recommendation: Our recommendation is option #3, immediately contribute \$525,000 through a fund balance transfer in order to satisfy the current unfunded accrued liability, then aggressively contribute in excess of the minimum requirement over the next 5 years (~\$280,000 per annum) as part of the annual operating budget to achieve a 120% funded ratio by FY2027.
